

OTHERS

OBV-A700

FORCED SEAL BALL VALVE

Application

Suitable for on-off control of measuring system of natural gas and other medium

Execution Standards

API 6D

Nominal Size

NPS 2" ~ NPS 40"

Nominal Pressure

Class150 ~ Class900

Connection

Flange

Ambient Temperature

-73°C ~ +70°C (can be customized)

Structural Style

Lifting rod type

Seat Leakage

ISO 5208 Rate A

Sealing Direction

Bidirectional (Total Pressure Difference)

Materials

Body Cast steel LCC, etc
Ball Forged steel LF2+ENP, etc
Stem Duplex stainless steel, etc
