

OTHERS

RBV-A600

FIXED BALL VALVE

Application

Suitable for long distance pipeline and general industrial pipeline to control the on-off of the medium

Execution Standards

API 6D

Nominal Size

NPS 2" ~ NPS 40"

Nominal Pressure

Class150 ~ Class900

Connection

Flange

Ambient Temperature

-73°C ~ +70°C (can be customized)

Structural Style

Fixed Ball

Seat Leakage

ISO 5208 Rate A

Optional Configuration

DBB / DIB-I / DIB-II

Materials

Body Forged steel LF2, etc

Ball Forged steel LF2+ENP, etc

Stem Stainless Steel, etc
